sense and simplicity

Under Massachusetts General Laws, c. 111N, Philips cannot provide food or beverage to physicians and other health care practitioners who prescribe Rx drugs and who hold a Massachusetts license, or to their employees. Philips appreciates your compliance with this restriction and regrets any inconvenience that it may cause.

Medical device industry codes of ethics do not permit Philips to pay for hospitality to guests of SNM attendees. Philips regrets any inconvenience and requests your understanding.

Under Vermont Statutes Annotated, § 4631a, Philips cannot provide food or beverage to physicians, other health care providers, or their employees, who are licensed or located in, or who provide health care services or products in Vermont.
